

Islamic Financial Business supplement form

This supplement form must be submitted by applicants applying for licence to conduct the Regulated Activities¹ in accordance with Shari'a. These financial services are defined in Schedule 1 of the AIFC General Rules.

In addition to this supplement you² will also have to complete the *Application for a Licence to carry on Regulated Activities* form. Depending on the suite of Regulated Activities your firm will be offering, there might be other forms or supplements that need to be completed and submitted. Where you believe a question in this supplement may have already been answered in the *Application for a Licence to carry on Regulated Activities* form or other forms then you may provide an unequivocal cross reference to the relevant section.

To assist you in completing this form we occasionally make reference to various Rules, sections, or chapters of the various modules which make up the AIFC Rules. However, these references are provided only as a guide and are not an exhaustive list of the Rules that may be applicable to your situation. It is your responsibility to research any Rules that might be pertinent to your application.

Do not leave any response-cells empty. If a question we ask does not pertain to your intended Regulated Activities respond to that effect in the cell. If it is more appropriate to answer certain questions in an attachment then indicate in the cell that that is the case. The use of acronyms is to be avoided. If you do need to use acronyms then they must be defined.

As a matter of good practice, and to avoid any confusion, words and terms that are defined in GLO should have their first letter in upper-case.

Ensure that that you are using the latest version of this application form. AFSA will only accept out-of-date forms if they are submitted within one month of the latest version available on our website.

You are advised to retain a copy of the form and all relevant attachments for the records.

¹ Terms defined in the Glossary (GLO) or the glossary sections in the Rules are identified by the capitalisation of the initial letter of a word or of each word in a phrase, unless the context otherwise requires the word to have its natural meaning.

² The terms "you" and "your" as used throughout are not implied in the personal sense, but rather refer to the applicant applying for a Licence to carry on Regulated Activities. The terms "we" and "our" refer to the AFSA.
